Github: github.com/nirmalmehra969 Mobile: +91 7856890680

Skills

- **Languages**: Python, Java, SQL, JavaScript
- **Core CS**: Data Structures & Algorithms, OOP
- **Backend & APIs:** Node.js, Express.js, REST APIs
- **Databases:** MongoDB
- **Data & Analytics:** NumPy, Pandas, Scikit-learn, Power BI, Tableau
- **Web Basics:** HTML, CSS
- **AI & Tools:** GPT / LLaMA API, File Handling
- **Soft Skills**: Attention to Detail, Logical Thinking, Adaptability

Projects

- **Bank Management System & ATM Simulator** | Github — Feb 2025 - Mar 2025
- Designed and developed a **Java-based Bank Management System with ATM Simulator**, replicating real-world banking and ATM operations.
- Implemented **core functionalities** such as **account creation, cash deposit,** cash withdrawal, balance inquiry, mini statement generation, and PIN change.
- Used **Object-Oriented Programming principles** including **classes, objects, encapsulation, and inheritance** to ensure modular and maintainable code.
- **Technologies: Java, OOP Concepts, File Handling , Console-based UI.**

- **AI Voice Assistant | Intelligent Voice and Text Based AI Assistant** | Github — Aug 2024 - Oct 2024
- Developed an **intelligent assistant** capable of interacting through both **voice and text** with **real-time AI powered responses**.
- Enabled **seamless two-way communication** through integrated **speech-to-text** and **text-to-speech** capabilities.
- Supported **natural language understanding** to process queries and provide **accurate, context-aware answers.**
- **Technologies:** Python, GPT / LLaMA APIs, Node.js, STT/TTS

Training

- **Summer Training – CipherSchool** | Link — Jun 2025 – Aug 2025
- Completed comprehensive training in **Data Structures and Algorithms using Java** at **CipherSchools**, focusing on both theoretical concepts and practical implementation.
- Applied **data structure concepts** such as arrays, stacks, queues, and trees to **optimize algorithm performance** and improve execution efficiency.
- Enhanced **problem-solving efficiency** by developing and testing **Java-based solutions** for a variety of algorithmic challenges.

Certificates

- **Generative AI** | Udemy | Link — Jan 2026
- **Introduction to Cloud Computing** | NPTEL | Link — Oct 2025
- **Responsive Web Design** | FreeCodeCamp | Link — Nov 2023

Achievements

- 3rd Runner-up, Concoction 2024 - Intra University Tech Fusion by Upgrad Campus and Won cash prize in an intra-university hackathon
- Solved 150+ problems on LeetCode, demonstrating problem-solving and algorithmic skills

Education

- Lovely Professional University — Jalandhar, India
  *Bachelor of Technology - **Computer Science and Engineering - CGPA: 6.8*** — *2023-Present*
- Jeewan Public School — Champaran, Bihar
  *Senior Secondary School - **Maths - Percentage: 71%*** — *Apr 2020 - Mar 2022*
- Jeewan Public School — Champaran, Bihar
  *Secondary School - **Maths - Percentage: 72%*** — *Apr 2019 - Mar 2020*
